

**MENTORS**  
**PEER RESOURCES**

## **FOR IMMEDIATE RELEASE**

### **Peer Resources Network members now eligible for discounts from world leader Oak Training.**

Contact: Des Fitzgerald

A recent needs survey revealed that a majority of Peer Resources Network members are engaged in training activities and are continually seeking support materials to supplement their training goals. On many occasions Peer Resources receives requests from members for overheads, presentations or slides, and manuals on management, organizational or business topics not directly related to coaching, peer assistance or mentoring.

To meet member requests, Peer Resources has formed a strategic alliance with Oak Training, a supplier of over 50 innovative, practical and competitively priced training modules, to offer these modules to Peer Resources Network members at a significant 20% discount on the regular retail price of \$30.00 per module. All of their training has been designed and tested by senior executives operating within high performance organizations. The fifty topics range from 360 Degree Feedback to Training Needs Analysis; there is even a module on Coaching/Mentoring.

Des Fitzgerald, the Managing Director of Oak Training, Ltd. has provided this special discount to Peer Resources Network members from his interest in building a community of trainers who want quality resources that they can easily customize for their own use and that of their clients. It is important to note that there are no major restrictions on the materials and users can place their own logos or other personalized information on the easily downloadable materials.

In addition to the generous discount above, Oak Training will also make a matching 10% donation to Peer Resources which they will donate to a local charity for homeless youth - again reflecting the shared philosophies of community building within both Peer Resources and Oak Training.

To review the list of topics or to learn more about Oak Training, visit their website at:
